

Lucci Air 72" Atlanta Indoor/Outdoor Black DC Ceiling Fan with LED Light and Remote

\$599.00

DESCRIPTION

Introducing our sleek and modern Energy-Efficient DC Ceiling Fan with a 6-speed remote control. This fan utilizes the latest technology in fan design, featuring a DC motor that saves up to 65% more energy compared to traditional AC motors. Light Kit included with 12 watt GX53 LED Bulb, 3 step dimmable and 1100 lumens. With its silent operation, you can enjoy a peaceful environment without the annoying humming noise usually associated with fans. The low operating temperature of the motor, which is managed effectively by the DC power, ensures a cooler motor and increased longevity. Stay comfortable with the choice of speeds provided by the remote control, offering a wide range of comfort levels. Features: 72" blade span. D153x8mm motor size 12 Watt LED integrated Winter/summer mode on the remote control Speed remote control for a variety of comfort levels Energy-saving DC motor technology Silent operation for a peaceful environment Low operating temperature for increased motor longevity Sleek and modern design. This product will ship to you in one (1) box. Accessories pictured are NOT included. Assembly required.
